## **DETAILED ACTION**

### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Specification***

2. The disclosure is objected to because of the following informalities: On page 10, in line 3, the reference numeral "110" should be changed to --100-- to be consistent with the drawings and the rest of the disclosure.

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "the sensor-activated holding device" in line 19. There is insufficient antecedent basis for this limitation in the claim.

Claim 6 recites the limitation "the sensor-activated holding device" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Art Unit: 3612

Claim 6 recites the limitation "the pin-ejecting pyrotechnical trigger" in line 5. There is insufficient antecedent basis for this limitation in the claim.

5. Claim 7 recites the limitation "the raised state" in line 3. There is insufficient antecedent basis for this limitation in the claim.

6. Claim 7 recites the limitation "the basic state" in line 4. There is insufficient antecedent basis for this limitation in the claim.

7. Claim 13 recites the limitation "the pin-ejecting pyrotechnical trigger" in line 4. There is insufficient antecedent basis for this limitation in the claim.

8. Claim 14 recites the limitation "the basic state" in line 3. There is insufficient antecedent basis for this limitation in the claim.

#### ***Allowable Subject Matter***

9. Claims 1-17 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

#### ***Conclusion***

10. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sasaki et al., Ishizaki et al., Nadeau et al., Polz et al., Minami, Son, Mattsson et al., Guillez et al., and Borg et al. disclose hood hinge mechanisms.
